ANNUAL REPORT
OF THE
STATE AUDITOR
FOR THE
FISCAL YEAR ENDING NOVEMBER 30, 1895.

RALEIGH, January 1st, 1896.

*To His Excellency, ELIAS CARR,
Governor of North Carolina.*

SIR :

I have the honor to herewith submit the annual report of this Department for the fiscal year ending 30th November, 1895.

REVENUE AND TAXATION.

The fiscal year begins on the first day of December and ends on the thirtieth day of November following. The (*ad valorem*) taxes for a fiscal year are computed, necessarily, upon the basis of returns of assessments made in the June previous. Thus, the taxes collected for the fiscal year beginning the first day of December, 1894, and ending the thirtieth day of November, 1895, were computed upon the returns of assessment made in June, 1894, and on railroads, steamboats, etc., made in July, 1895.

On the first day of December, 1894, the beginning of the fiscal year covered by this report, there was a cash balance in the public treasury, belonging to the public fund,

of \$303,240.29. From this should be deducted \$111,905.75 due at that time on account of appropriations for the previous fiscal year, but not paid until after the end of that year. This left a net cash balance to begin the fiscal year of 1895 with, of \$191,334.54.

The gross amount of receipts for the year just closed was \$1,125,518.58, making total revenues for the year \$1,316,853.12.

The disbursements for the year were \$1,337,772.32. This includes the \$111,905.75 above alluded to, which, as stated, were not paid until after the beginning of the fiscal year, 1895, and therefore appear in the disbursements for 1895. This leaves the disbursements proper on account of 1895, \$1,225,866.57. To this should be added \$100,816.00 for pensions for 1895, and \$7,098.38 for the Agricultural Department for balance of its fund for 1895, but not paid until the beginning of the fiscal year 1896.

This makes the exact disbursements chargeable to 1895 \$1,333,780.95. Thus we have the following, showing the condition of the treasury on the thirtieth day of November, 1895:

Fund available for the fiscal year, and properly chargeable to its account.....	\$ 1,316,853.12
Disbursements chargeable to the fiscal year	1,333,780.95
Leaving expenditures for the fiscal year in excess of fund available	16,927.83

ASSESSMENT OF PROPERTY.

In June, 1895, the quadrennial appraisement of real property was made as required by law. Owing to the general financial depression prevailing it was apprehended that a large falling off in values, of lands especially, compared with the appraisements of previous years, would occur. Under existing circumstances the returns must be considered satisfactory. These returns give evidence that our

people generally are in better condition than has been clamorously stated by many, and that they considered their property still worth approximately the amount heretofore assessed against it. I give the following comparative statement of appraisement for the years 1891 to 1895 inclusive :

ON LANDS.

June, 1891.....	\$115,180,429.00
June, 1892.....	114,328,255.00
June, 1893.....	114,224,117.00

June, 1891.....	\$ 18,546,328.00
June, 1892.....	19,726,759.00
June, 1893.....	24,223,964.72

June, 1895.....	25,084,548.99

TOTAL APPRAISEMENT REAL AND PERSONAL PROPERTY,
INCLUDING RAILROADS, STEAMBOATS, ETC.

June, 1891.....	\$260,996,219.00
June, 1892.....	257,220,522.00
June, 1893.....	262,585,472.72
June, 1894.....	259,045,512.87
June, 1895.....	255,946,998.99

This shows a decrease from 1891 to 1895 on lands, \$4,220,920; town lots, \$176,293; all other personal property, \$7,190,228—total decrease, \$11,587,441; an increase during the same period on railroads, steamboats, &c., of \$6,538,220.99; a net decrease on all taxable property for the period, of \$5,049,220.01.

The revenues for 1895 were computed upon the returns of appraisement for 1894, to-wit: \$259,045,512.87; those for 1896 will be upon the appraisement of 1895, to-wit: \$255,946,998.99; showing a decrease in the source of general revenue for 1896 of \$3,098,523.88, and in the revenue itself for general purposes of \$6,714.26.

The General Assembly at its session of 1895, made appropriations for various subjects beyond those made by the Assembly of 1893, of \$141,924.95, of which \$128,874.95 were limited to 1895, and therefore will not be charged upon the treasury for 1896. To this \$128,874.95 should be added the expenses of the Assembly of 1895 which amounted to \$72,266.74, giving a total of \$201,141.69 expended in 1895, that will not be expended in 1896, thus

lessening the demands upon the treasury for the latter year, that sum.

THE RATE OF TAXATION.

The rate of taxation levied by the General Assembly for general State purposes, schools and pensions, on each \$100, of value of real and personal property, is

For State purposes.....	21 $\frac{3}{4}$ cents.
For Schools.....	18 cents.
For Pensions.....	3 $\frac{1}{4}$ cents.
Total.....	43 cents.

The school and pension tax must be, and is strictly applied to those objects, and cannot be available for other purposes. The school tax remains and is expended in the county in which collected. The pension tax is paid into and out of the public treasury. From the revenue derived from the levy "for State purposes," and under schedules "B" and "C"—this latter sum, according to the returns contained in statement 2, page 98, Part II of this report, amounting to only \$55,454.27,—are, and must be, paid the entire expenses of the State Government, including interest on the public debt, salaries of all officers executive and judicial and expenses of the General Assembly, support of the institutions, and all other expenses provided for by law. Upon a fair and just consideration of this statement, the people can but be impressed with the fact that the rate of taxation levied by the State is both reasonable and low, and that the administration of their public affairs has been carefully and economically performed.

SCHEDULES "B" AND "C."

I desire to call attention to the returns of taxables under Schedules "B" and "C" of the Act to Raise Revenue, designated as unlisted taxables. These schedules embrace

the following subjects: theaters, traveling theatrical companies, concerts and musical entertainments other than for charitable or religious purposes, lectures for reward, museums, &c., gift enterprises, circuses and side-shows, companies or persons giving exhibitions, billiard saloons, skating rinks and bowling alleys, &c., public ferries and toll bridges, livery, itinerant dentists and opticians, commission merchants, merchants and other dealers, dealers in liquors 1st class, ditto 2nd class, peddlers, peddlers of clocks and ranges, stevedores, marriage licenses, subjects unlisted, delinquents, insolvents, &c., double taxes. The following comparative statement illustrates the large decline in returns under these schedules in the four years 1891 to 1894 inclusive.

TOTAL RETURNS.

1891.....	\$ 70,230.55
1892.....	66,793.20
1893.....	59,824.89
1894.....	52,633.15

A decrease in 1894 from 1891 of \$17,597.40 in revenue from these sources.

The revenues from the merchants purchases and liquor dealers have declined in the same time as follows:

	<i>Merchants.</i>	<i>Liquor Dealers.</i>
1891.....	\$33,628.75.....	\$5,057.18
1892.....	28,959.51.....	5,853.09
1893.....	23,847.62.....	5,534.98
1894.....	17,246.26.....	4,776.11

The General Assembly of 1895 added to this class of taxables (sections 34 and 35, Schedule B) hotels and boarding-houses, practicing lawyers, physicians and dentists. Confusion was unfortunately created on account of a suggestion made that the Revenue Act was not ratified as required by law, and much uncertainty resulted as to pay-

ment and collection of the special taxes levied in these sections. Owing to this a number of sheriffs have only reported such as voluntarily paid the taxes. As far as could be I have, as directed by law, had these omissions corrected. Because this enactment was new and unsatisfactory could be no excuse for the failure of the executive officers—sheriffs or tax-collectors—to execute it. The last legislature saw fit to enact it, and sheriffs and the auditor can only fail to execute it at their peril.

I am constrained to believe that the subjects of taxation under these schedules are not as closely looked after as the law and public revenues require, and I herein venture to call the special attention of those entrusted with the duty to this particular matter.

ALL PROPERTY NOW TAXED.

I desire to congratulate your Excellency as well as the people upon the fact that during the fiscal year just entered upon all properties in the State will be entered upon the tax lists as subjects of taxation. Much contention has occurred during recent years because the property of certain railroad corporations was exempt, to a greater or less extent, from taxation. And while it was true that these exemptions were in accordance with contracts made by the representatives of the people and these corporations, yet these contracts themselves fixed a limitation thereon, and the people had reached the conclusion, and justly I believe, that conditions, and the time, had been reached which justified a realization from those limitations; and now as a result of recent negotiations and new contracts, brought about largely by the earnest endeavor of your Excellency, all the property heretofore exempt will hereafter be regularly listed for taxation. All properties in the State will hereafter bear their equal share of the public expenses.

The State and County taxes, gross, for 1894, were

State, \$1,399,531.70; *County, \$1,039,367.76; total, \$2,438,899.46. Estimating the population of the State for that year to be 1,700,000, the per capita tax was \$1.44. This includes State taxes for all purposes—interest, State government, pensions and schools; and County taxes, special and general, for all purposes.

The gross amount of State, School and County taxes, as per returns on file in this Department, were:

	1894.	1893.	1892.	1891.
General taxes †.....	\$625,660.26	640,949.65	714,701.55	727,410.00
School taxes.....	765,510.27	772,089.40	734,490.70	765,935.37
County—General.....	693.809.12	772,862.03	620,300.26	686,942.24
County—Special.....	345,558.76	286,079.66	326,030.76	361,050.74

There was an increase in the valuation of the following subjects of taxation in 1894, compared with 1893, the basis of the last annual report:

Lands outside town lots.....	\$ 857,206
Town lots.....	486,893
Goats.....	1,001
Hogs.....	158,807
Sheep.....	3,455
Stock in incorporated companies.....	620,549

There was a decrease in the valuation of the following subjects of taxation, compared with 1893:

Farming utensils.....	\$ 696,366
Money on hand or deposit.....	408,889
Solvent credits.....	1,128,148
All other personal property.....	2,109,038
Net decrease.....	\$2,214,530

COMPARATIVE VALUATIONS.

I submit the following comparative statement of the average valuation of land per acre and stock per head, for the years 1891, 1892, 1893 and 1894, as returned for taxation:

*The taxes for pensions are incorporated in the above, being on property and poll.

PENSIONS.

The General Assembly at its last session amended the pension law by striking out the limitation as to widows whose husbands had died "within one year from April 9th, 1865," and inserting a clause admitting widows, remaining unmarried, of soldiers or sailors "who died at any time thereafter (April 9th, 1865) from wounds or injuries received, or disease contracted while in the discharge of his duty as such soldier or sailor."

There was an increase in the number of pensioners during the year of 260, classified as follows; 1st class, 34; 2nd class, 7; 3rd class, 7; 4th class widows, 29; 4th class soldiers, 183; total, 260. The number receiving pensions under Section (3478) *The Code*, other than the above, is 38, making the total number of pensioners of all classes, 5182.

Statement "J," page 259, this report, shows in detail the number of each class by counties. The disbursement on this account, in detail, for reasons elsewhere stated, does not appear in this report.

It is regretted that the General Assembly did not act favorably upon a suggestion I ventured to make in my last annual report to the effect "that the widows of those soldiers who have been on the pension roll be placed on the list and awarded the amount allowed widows under the law." It would have been a continuation of assistance to

those who had already justly enjoyed its benefit, and whose needs become more pressing with the passage of time. I thought then and think now that the death of the husband ought not to carry with it an additional burden to those noble women, wives and mothers of heroes, which a generous and grateful people could so easily avert.

The widows benefitted by the amendment above referred to are those only who can prove by a reputable physician that the death of the husband resulted directly or indirectly from wounds or injuries received or disease contracted "while in the discharge of duty" as a soldier or sailor, etc., which is entirely proper; but does not reach those widows of soldiers who had been on the pension list whose death could not be certified by a reputable physician to have been caused directly or indirectly by wounds or injuries or disease received or contracted "while in the discharge of duty," etc. It is hoped the next General Assembly will so amend the law as to embrace this class also.

THE "ARRINGTON COMMITTEE."

The General Assembly, in its wisdom, passed the following resolution:

"Resolution in favor of Mrs. Patty D. B. Arrington.
Resolved by the House of Representatives, the Senate concurring:

That A. A. Campbell, J. E. Bryan and J. T. Phillips, members of the House of Representatives from Cherokee, Chatham and Pitt counties, respectively, be and they are hereby appointed a committee of investigation to investigate all the matter growing out of litigation, and all other troubles between herself and husband and all other persons and things concerning, or in any way appertaining to her matters in connection with said litigation.

The said committee shall have full and complete power

and authority to send for persons and papers and examine the same, and to administer oaths and examine witnesses, and with full power to punish for contempt for disobedience to any lawful order in as full a manner as is now vested in Judges of the Superior Court of the State. They shall find the facts from the evidence and report said facts, and also set out the evidence in full in said report and make their report to the General Assembly, if it be possible to do so, before its adjournment, and if not, then said report shall be made to the Supreme Court.

The Treasurer of the State is hereby authorized to pay the necessary expenses of said Committee while they are actually engaged in said investigation, and the State Auditor is hereby authorized to draw his warrant on the Treasurer for said amount.

This act shall be in force from and after its ratification.

Ratified the 11th day of March, A. D. 1895."

This was ratified at the night session of March 11th. The Assembly adjourned *sine die* on the night of March 13th. The Committee provided for by the above resolution was directed to examine records and witnesses and send for persons and papers, known to the Assembly or to members who promoted the passage of the resolution to be scattered over several counties. All evidence taken was to be written, and, with the conclusion of the committee thereon, reported to the General Assembly "if it be possible to do so before its adjournment, and if not, then said report shall be made to the Supreme Court."

This committee met and organized on the day following adjournment, to-wit, the 14th day of March, by electing a chairman and secretary and issuing subpœnas for witnesses residing in Nash and Vance counties. Having thus met and proceeded with the duties assigned them as soon as was possible after the ratification of the resolution, I decided the committee, officers and witnesses were entitled

to be paid for the days they were actually engaged in this work. I believed it to be my duty to assume that the legislature intended the committee should sit, investigate, take testimony, write down the facts in full with their conclusion, as well as "make a report;" knowing it to have been impossible to do either before adjournment I believed it was intended that both should be done after adjournment, and a report of the facts, findings, etc., submitted to the Supreme Court. It did not occur to me, I must admit with candor, that the legislature would have deliberately provided a committee clothed with such extraordinary powers and duties, and expected that because it could not make the investigation it was directed to make and report to the legislature that it should report to the Supreme Court simply that it had nothing to report as it had done nothing. The grave doubt that the committee could not investigate and report to the legislature before adjournment is expressly implied in the resolution, and without an investigation the taking of testimony, etc., there could be nothing to report, to the legislature or the Supreme Court.

With this view I proceeded to carry out, on as reasonable a basis as precedent suggested, what I believed to be the will and intent of the Legislature, by issuing warrants for the payment of the committee, officers and witnesses, as properly certified to me by the chairman of the committee. On a case agreed, I was sustained in my construction by Hon. Judge Coble as to payment of the committee, but not sustained as to the payment of an attorney retained by the committee, the Judge not agreeing that the employment of an attorney was contemplated as one of the necessary expenses. Upon appeal, the honorable Supreme Court sustained Judge Coble in the latter, but overruled him in the former, deciding that the committee had no right to sit after adjournment, only for the purpose of making

report to the Supreme Court. Of course this ended the committee and further payments. I feel it due myself to make this statement here. I am not called upon to express my opinion here as to the propriety or impropriety of the resolution of the General Assembly.

The several statements, showing in detail the receipts and sources of receipts and objects of disbursements, and comparative with other years, will be found useful information and should be carefully examined by the tax-payers.

I acknowledge with sincere pleasure my obligations to Mr. T. Palmer Jerman, Jr., Chief Clerk, and Mr. J. J. Dunn, Pension Clerk, for very faithful and efficient services.

I have the honor to be,

Your Excellency's obedient servant,

ROBT. M. FURMAN,

Auditor.
